EDUCATION

Tashkent University of Information Technologies, Karshi Branch

2020 - 2024

Bachelor's Degree in Information Security

Studied core principles of information security, including cryptography, network security, ethical hacking, and data protection. Gained a solid foundation in computer science and cybersecurity practices, with hands-on experience in securing systems and analyzing vulnerabilities. Participated in academic projects related to system security and risk assessment.

WORK EXPERIENCE

Xalqaro Innovatsion Universitet

2024 - current

Software engineer, Digital Marketing

- Designed and developed modern web applications using JavaScript and Vue.js, significantly enhancing user experience and product functionality.
- Collaborated with cross-functional teams to gather and analyze technical requirements, ensuring alignment with end-user needs and institutional goals.
- Led code reviews and enforced best practices across projects to improve code quality, maintainability, and scalability.
- Integrated RESTful APIs to enable efficient data exchange between systems, optimizing application performance and system interoperability.

CODE TECH Academy LLC (remote)

2023 - current

CEO, Founder

- Developed and implemented strategic plans to enhance operational efficiency across all departments, resulting in improved workflow and resource allocation.
- Fostered a culture of innovation by encouraging cross-departmental collaboration, leading to the introduction of new products that increased market share.

TUIT Karshi Branch

2022 - 2024

Front End Developer

- Developed responsive web applications using HTML, CSS, and JavaScript to enhance user experience across multiple devices.
- Collaborated with UX/UI designers to implement visually appealing and user-friendly interfaces that align with project requirements.
- Conducted code reviews and provided constructive feedback to team members, fostering a culture of continuous improvement in coding standards.
